

HUNGRY?

Think about how you eat and what types of foods you like. Tour the Aquarium to find the animals listed below. After careful observation decide what types of mouths they have, guess what types of food they eat, and where they feed in the water.

Type of Animal	Mouth Type	Type of Food Eaten	Where Feeding Occurs (top, middle, bottom)
 Tarpon			
 Sliverside			
 Eel			
 Flounder			
 Toadfish
